SECONDARY • JC

(PSLE 2019)

(O LEVEL 2019)

A* Maths Science

"Mr Lim is very passionate about teaching both Maths and Science. I enjoyed attending his lessons, and he was always ready to clarify my doubts."

Lai Jia Ying, Alexandra Pri Sch

A1 Maths A. Maths Physics

"The environment at Stalford was very conducive for my learning and my grades improved significantly. The studying material my teachers gave were comprehensive, with the key points highlighted."

Shona Phua, Fairfield Methodist Sch (Sec)

A* Maths Science

"My classes at Stalford were very interactive and there was never a dull moment. The materials given were comprehensive and helpful for my exams."

Tan Yan Xi, Fairfield Methodist Sch (Pri)

F9 to A1 Science (Chem, Bio)

"After attending Mr Liew's interactive and well-explained lessons, I actually found myself enjoying Chemistry when I previously had no interest in the subject."

Benjamin Low, Compassvale Sec Sch

A* English

"Mdm Jeena made lessons fun and informative by sharing relevant newspaper articles with us. She is a very kind teacher who constantly encouraged us to learn from our mistakes."

Ng Yew Siang, Princess Elizabeth Pri Sch

C6 to A1 A. Maths Physics

"Mr Hakeem went the extra mile to address our A. Maths queries even outside of lesson time. Mr Gabriel taught us many effective methods to solve Physics questions."

Bernice Lian, Gan Eng Seng Sch

A* Science

"I would not have achieved my A* without Ms Leong as her lessons prepared me extremely well for the exam."

Clarence Tan, Edgefield Pri Sch

F9 to A1 Science (Chem, Bio)

"My A1 would not have been possible without the help of Stalford. Mr Chong is a great Chemistry teacher whose classes were highly engaging and effective."

Zachary Chia, St. Patrick's Sch

A* PSLE 2019 in Chinese & Maths

(subjects taken at Stalford)

"Stalford teachers taught me highly effective methods for revision and identified my weak spots to work on. My grades improved dramatically and I became more confident in handling the PSLE."

Cherish Teo, Elias Park Pri Sch

(O LEVEL 2019)

(A LEVEL 2019)

A1 Physics Chemistry

"Both my Physics tutor Mr Teddy and Chemistry tutor Mr Matt are very good teachers, who made sure we truly understood concepts instead of just memorising content blindly."

Owen Lim, Riverside Sec Sch

With Stalford for
1
year!

D to A General Paper

"I am very grateful to Ms Chin who went the extra mile in clarifying my doubts. Her notes were current and contained many real-world examples which were useful for essay writing."

Erika Ng, Jurong Pioneer JC

With Stalford for
2
years!

A1 Maths A. Maths

"Mr Tan consolidated past year questions from other schools and organised them according to topics, allowing us to revise for our exams with ease."

Rachel Lee, Nan Chiau High Sch

With Stalford for
2
years!

U to A Chemistry (H2)

"Mr Ng made it easier for us to understand concepts by simplifying them and showing how they were interlinked. He provided lots of practice papers with many different types of questions to prepare us for exams."

Venkat RG, Catholic JC

With Stalford for
6
months!

A1 Chemistry Biology

"Mr Liew used visual diagrams and acronyms to help us remember the important points for Chemistry. Ms Ong is a very approachable teacher who readily addressed all my Biology questions."

Tan Le Shen, Hua Yi Sec Sch

With Stalford for
2
years!

S to A Economics (H2)

"Mr Tom broke down difficult content into simple concepts that we could absorb easily. He would mark our work conscientiously and give us feedback on how to improve our writing."

Lee Shi Qi, Eunoia JC

With Stalford for
2
years!

A1 Maths Science (Physics, Chem)

"My teachers at Stalford were all experienced enough to tell us what to focus on for exams. The notes provided effectively consolidated the main points of each chapter."

Chor Chee Wooli, Fuhua Sec Sch

With Stalford for
1
year!

S to A Physics (H2)

"I enjoyed attending Mr Chia's lessons as they were very lively and fun. He is an amazing teacher who prepared us well for the A Level exam."

Lionel Tan, Temasek JC

With Stalford for
6
months!

A LEVEL 2019 A in Maths (H2) & Chemistry (H2) (subjects taken at Stalford)

"Ms Tan exposed us to a wide range of Maths practice questions, which helped to hone our exam skills. Mr Adam's Chemistry lessons were very engaging, and his notes made it easier for us to remember all the important points."

Benjamin Goh, Temasek JC

With Stalford for
1
year!

PRESCHOOL

Phonics & Reading (Beginner, Intermediate, Advanced)

- Instil a love and joy for reading through fun and engaging activities suitable for children aged 3-6 years old
- Teach your child to recognise letters of the alphabet and associate them with sounds
- Lay the foundation for development of comprehension and communication skills

English & Maths (N1, N2, K1, K2)

- Equip your child with fundamental listening, speaking, reading, writing and arithmetic skills
- Empower your child to become creative and logical thinkers from an early age
- Build a strong foundation in line with the latest Nurturing Early Learners Passage Framework developed by MOE

P1 Preparatory for English & Maths (K2)

- Prepare your child to enter Primary School with confidence
- Ensure a good grounding in language, literacy and numeracy skills
- Introduce P1 English and Maths curriculum to give your child an early head start

**In-House Developed Curriculum
Based On Latest MOE Syllabus**

Valerian Woo

**Member of Mensa Singapore
since 2 years old**

**Student of Stalford's English, Maths
& Chinese Preschool Programme**

Chinese (N1, N2, K1, K2)

- Cultivate a love and appreciation of Chinese culture and language through literary works such as Tang poetry (唐诗)
- Teach your child the fundamentals of reading and writing Chinese characters along with Hanyu Pinyin
- Develop Chinese listening and speaking skills through fun-filled activities and games

ArtScience (Beginner, Intermediate, Advanced)

- Introduce your child aged 3-6 years old to the fascinating worlds of Art and Science
- Spark creativity and imagination at an early age through fun and enjoyable hands-on activities
- Instil a sense of wonder and curiosity about the real world

Ms Indiraa Phonics, English & Maths

Ms Indiraa has a Degree in English, a Degree in Law, a Diploma in Early Childhood Education, and over 15 years of teaching experience. A trained and licensed teacher in Singapore (MOE, ECDA) as well as in Australia (TRBWA), she sees every child as unique, and will go the extra mile to cater to different abilities.

Ms Huang Chunhong Chinese [Pre-Sch, Pri, Sec]

With over 15 years of experience teaching in China and Singapore, Ms Huang tailors her lessons to match her students' abilities. Her classes are lively and engaging, filled with many interesting and stimulating activities. She makes it a point to regularly update parents on their child's progress.

PRIMARY

PSLE Crash Courses

English (P1 to P6)

Students will learn to read critically, write fluently, and use grammar and vocabulary accurately. All written exam components are covered:

- Situational & Continuous Writing
- Grammar, Vocabulary & Cloze Passage
- Open-Ended & Visual Text Comprehension
- Synthesis & Transformation

1. Learn through examples
2. Be aware of common errors

A* in English
PSLE 2019
Chloe Ng
Compassvale Pri Sch

With Stafford for
1
year!

English Creative Writing & Comprehension (P1 to P6)

Students will acquire writing and reading skills to maximise their scores in composition and comprehension. They will learn to:

- Employ writing techniques such as Grabbers & Zingers
- Spice up language with idioms, similes, analogies and metaphors
- Analyse organisational patterns, make inferences and draw conclusions
- Compare and contrast ideas, concepts and topics

Chinese / Higher Chinese (P1 to P6)

Students will build up their Chinese vocabulary using school textbooks as the baseline. They will also be taught exam-oriented curriculum that will strengthen their language competencies and prepare them adequately for exams.

Chinese Creative Writing, Comprehension, Oral & Listening (P1 to P6)

Students will master techniques to excel at writing, comprehension, oral & listening in the latest PSLE format. They will learn to:

- Use various literary devices such as idioms, proverbs, adages, similes and metaphors
- Extract answers from passages and rephrase in own words
- Make astute observations and voice opinions confidently, using in-house created audio & videos for oral & listening practice

Mr Loh Tee Yang English & English Creative Writing

With over 20 years of teaching experience at various top government schools, Mr Loh makes English relevant and interesting to his students. A former specialist writer with CDIS, Ministry of Education, he has an illustrious background as an avid writer with over 70 publications to his credit.

Mr New Kok Hui Chinese & Chinese Creative Writing

Mr New has a Bachelor of Arts in Chinese Literature from Taiwan's National Sun Yat-sen University and more than 5 years of teaching experience. He strongly believes in providing a warm and supportive learning environment for his students to develop and hone their Chinese language skills.

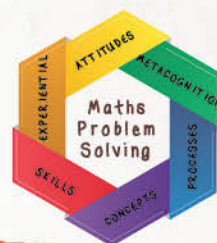

Taught by **RESULTS-PROVEN** Top School Teachers and Renowned Assessment Book Authors

Mathematics (P1 to P6)

Students will deepen their understanding of the maths concepts and skills taught in school. They will be given extensive practice with past exam questions compiled from various top schools.

Heuristic Mathematics: Problem Solving Strategies (P3 to P6)

- Students will learn critical thinking skills and heuristic techniques essential for mathematical problem solving
- Students will be equipped with many different strategies to break down complex questions into easy-to-grasp solvable problems
- Students will be empowered to effectively and efficiently tackle challenging, higher-order word problems encountered in exams

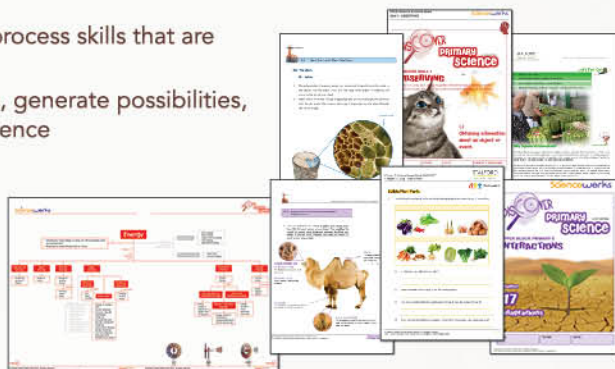

Representation	Calculated Guessing	Unchanged Identity
Model Construction	Guess and Check	Single Unchanged Quantity
Branch Diagram	Look for Patterns	Unchanged Difference
Make a List	Make Suppositions	Unchanged Total

Master more than 100 strategies!

Science (P3 to P6)

- Students will strengthen their foundation in science concepts, principles and theories
- Students will develop critical thinking and process skills that are essential for scientific inquiry
- Students will learn to formulate hypotheses, generate possibilities, and make meaning of information and evidence

PROVEN TEACHERS

Learn from top-notch educators who are specialists in their own fields including Top School Teachers & Renowned Assessment Book Authors

Mr Gabriel Morais
Physics & Science (Physics)

Mr Gabriel has more than a decade of experience teaching O Level Physics in government schools. He is also an author and publisher of many bestselling assessment books, with over 15 years of writing experience. His books are highly sought after and have undergone multiple reprints.

Mr Lee Lin Cher
English

An esteemed author of many study guides and assessment books, Mr Lee teaches English in a vibrant manner to ignite students' interest in the language. He has a Bachelor of Business Administration from NUS, a Postgraduate Diploma in Education from NTU, and over 25 years of teaching experience.

Mr Sin Sek Chon
Physics, Chemistry & Biology

Mr Sin has a Bachelor of Science from NUS and a Postgraduate Diploma in Education from NTU. He has over a decade of teaching experience at government schools and in private education. A highly motivated and results-oriented teacher, he strives to bring out the best in his students.

Mr Chong Wei Liang
Chemistry & Science (Chemistry)

Mr Chong has taught in government schools including Westwood Sec Sch and Boon Lay Sec Sch. His explanations are clear and concise, and he never hesitates to help his students clarify their doubts. He has a Bachelor's Degree from NTU and a Postgraduate Diploma in Education from NIE.

Ms Ji Jing
Chinese & Chinese Creative Writing

With a teaching qualification obtained from Beijing Open University and over 10 years of teaching experience, Ms Ji is well versed in the latest MOE syllabus. She is a responsible and goal-oriented teacher who employs a variety of teaching strategies to meet different learning needs.

Mr Adrian Tan
Maths & Additional Maths

Mr Adrian Tan has a Bachelor of Engineering and a Postgraduate Diploma in Education from NTU. He is a kind and dedicated teacher that has helped many students improve their grades from F9 to A1. They will attest to his detailed explanations, and his patience in answering their many questions.

Mr Hakeem Eilyaas
Maths & Additional Maths

Mr Hakeem has a Bachelor's Degree in Applied Maths from NUS and a Postgraduate Diploma in Education from NTU. A passionate and nurturing teacher, he has more than a decade of teaching experience, and believes in equipping his students with useful lifelong analytical skills.

Ms Jacqueline Yew
English

An experienced educator known for her effective teaching methods as well as her rapport with students, Ms Yew has taught in several secondary schools & JCs. She was also formerly Vice-Principal of an Autonomous School, and Assistant Director (Learning Design) at one of Singapore's top universities.

PROVEN TEACHERS

Learn from top-notch educators who are specialists in their own fields including Top School Teachers & Renowned Assessment Book Authors

Mr Samuel Lin
Chemistry

A highly experienced NIE-trained teacher and assessment book author, Mr Samuel Lin specialises in providing students with the appropriate scaffolding to level up their grades. He often injects humour into his lessons, and makes scientific concepts come alive by linking them to the real world.

Ms Koh
General Paper

A patient teacher and accomplished author with over 10 years of experience teaching in top JCs, Ms Koh is well liked by her students for her engaging and enlightening lessons. Her revolutionary and effective teaching methods have helped countless students attain As for their GP exams.

Mr Ang Yeow Seng
Maths & Further Maths

Driven by the belief that every student can learn, Mr Ang has been teaching with passion and patience for more than 25 years. A former JC lecturer who is popular with students, he holds two Bachelor's Degrees from NUS and a Postgraduate Diploma in Education from NTU-NIE.

Mr Tom Ho
Economics

Mr Tom Ho has a Master of Business Administration, a Postgraduate Diploma in Education, and more than 10 years of experience teaching Economics. He is well known for his ability to impart skills in answering data response questions and tackling the evaluation element in essays.

Ms Lu Wenfei
Chinese & Chinese Literature

Ms Lu has a Bachelor of Arts in Chinese Literature from Wuhan University and a Master of Arts from NUS. She specialises in helping students develop their writing skills, and in organising Chinese Language material in a convenient way for students to remember and apply during exams.

Mr Cornelius Chew
Physics

A PSC scholar and National Day Award recipient, Mr Cornelius Chew is NIE-trained and has a degree in Physics & Applied Physics from NUS. With over 30 years of teaching experience, he has developed curriculum for Singapore's MOE, and is a certified marker for Singapore-Cambridge GCE A Level H2 Physics.

Mr Hashim Ali
Economics

Mr Hashim has taught Economics for 25 years and is very well-versed with the syllabus. He provides exam-oriented notes with relevant and current examples to help students excel. His bestselling book "Comprehensive Economics Guide for 'A' Level" has been reprinted 16 times.

Mdm Rubie Govindraj
General Paper

Mdm Rubie has more than 10 years of teaching experience at MOE schools including Jurong JC, St Andrew's JC and River Valley High Sch. An award-winning researcher (AEJMC, Washington, 2012), she has published in several peer-reviewed journals, and has developed her own brand of pedagogy.
