A LEVEL EXAM CRASH COURSES JUNE 2019

Stalford Learning Centre Crash Course Programme is aimed at helping students in their preparations during the final lead-up to their examinations. With ample practice in commonly-encountered question types, modular lessons aimed at correcting misconceptions and intensive training in examination skills & answering techniques, students are guaranteed to gain confidence and score well in their examinations!

PROGRAMME FEATURES

Intensive Exam-Oriented Teaching Approach:

- Conducted in small class sizes to ensure adequate attention is given to every student
- Covers key topics that are tested in the A Level Examinations, to prepare students to tackle questions confidently
- Addresses gaps in knowledge and strengthens foundation in weak areas to ensure students have strong mastery of content to perform well
- Teaches crucial examination skills & techniques to answer questions effectively & efficiently
- Exposes students to common and frequently-occurring question types, topics, formulae and content to increase confidence in exams
- Coaches students to avoid common mistakes & pitfalls when answering examination questions, to minimise unnecessary loss of marks and maximise their score
- Trains students in soft examination skills such as time management, stress management and efficient use of tools (e.g. calculators, curve rulers, dictionaries)

Quality Revision Materials:

- Designed specially for revision by a dedicated group of NIE-trained curriculum planners
- Summarises important points, formulae, equations and key takeaways in a concise format for easy reference & self-revision
- Facilitates self-practice & learning with worked examples and answering approaches
- Includes compilations of a wide variety of revision questions with full worked answers and detailed explanations:
 - frequently-encountered, commonly-occurring questions
 - top school prelim questions
 - challenging past-year examination questions
 - 'tricky', higher-order questions

Top-notch Academic Team:

- Delivered by the best tutors Stalford Learning Centre has to offer, who are NIE-trained teachers and specialists in their respective subjects, including top government school teachers & renowned assessment book authors
